Experience

SET GmbH

Hannover, Germany

SOFTWARE ENGINEER

Okt. 2018 - Okt. 2020

- I was part of a team that is redesigning the company's current production management system in Java. Before that, we have implemented an android app for one of our customers as a hybrid app, which is based on web technologies. This app is a vital part of the production processes implemented by the current production management system.

VHV-Group

PERSONAL PROJECT

Dec. 2019 - PRESENT

- I have developed an app for my hobby gymnastics, which helps you to calculate your difficulty score for your exercise. It can be downloaded in the Google Play Store [here](#) or used as a progressive web app [here](#). Currently, there are about 100 gymnasts who use the app.

Hobbies & Interests

Gymnastics

Hannover and Bergen

2004 - PRESENT

- Gymnastics is my key to balance out the mostly cognitive work at the FHDW and my job. I am training at least 2-3 times a week for two and a half hours.
- In my youth, I became a regional champion in Lower Saxony multiple times in the individual competition and as a team. In 2010 I achieved 7th place in the german all-around championships, which is a mix of gymnastics and athletics.
- I am part of a gymnastics team that is currently competing in the *Landesliga*, which is the highest gymnastics league in Lower Saxony.
