- GPA: 3.5/4.0
- Main subjects: mathematics, chemistry and English
- Award for the best mathematics Abitur result from the German Mathematical Society.

Skills

Programming Java, Gradle, Maven, Typescript, Angular, Ionic, HTML, CSS, SVN, Git
Tools Eclipse, IntelliJ,

Experience

SET GmbH

Hannover, Germany

SOFTWARE ENGINEER

Okt. 2018 - PRESENT

- I am part of a team that is redesigning our old production management system in Java. Before that, we have implemented an android app for one of our customers as a hybrid app which is based on web technologies. This app is a vital part of the production processes implemented by the old production management system.

VHV-Group

Hannover, Germany

WORKING STUDENT

Okt. 2015 - Okt. 2018

- Dual course of study while acquiring a bachelor in business computing. I was mainly working on testing business processes implemented with the camunda BPMN Workflow Engine and on automating GUI regression testing with selenium.

Projects

autoD

Hannover, Germany

PERSONAL PROJECT

Dec. 2019 - PRESENT

- I have developed an app for my hobby gymnastics, which helps you to calculate your difficulty score for your exercise. It can be downloaded in the Google Play Store here or used as a progressive web app here. Currently, there are about 70 gymnasts who use the app.

Hobbies & Interests

Gymnastics

Bremen, Hamburg and Hannover

2004 - PRESENT

- Gymnastics is my key to balance out the mostly cognitive work at the FHDW and my job. I am training at least 2-3 times a week for two and a half hours.
- In my youth, I became a regional champion in Lower Saxony multiple times in the individual competition and as a team. In 2010 I achieved 7th place in the german all-around championships, which is a mix of gymnastics and athletics.
- I am part of a gymnastics team that is currently competing in the Landesliga, which is the highest gymnastics league in Lower Saxony. We aimed to ascend to the national league last year, but our attempt has not been successful.
